Loss before depreciation and taxation was ` 1,11,543.56 lacs and after providing ` 19,620.83 lacs towards depreciation, the net loss amounts to ` 1,31,164.39 lacs.

BUSINESS PERFORMANCE

Era Infra Engineering Limited (EIEL), being a major EPC player got directly and indirectly impacted due to the stress in the construction and infrastructure sector starting from Financial Year 2011-12 onwards. The company strongly faced the stress in the initial years wherein several key and most of small players shut down their operations. However company started facing crises due to continued slump in the construction and infrastructure sector, severely effecting the operations of the company, compounded with few of EIEL road projects getting considerably affected on account of delay in availability of land and environmental clearance which resulted in significant cost escalation thereby putting additional pressure on the financials of EIEL.

Besides, company faced severe pressure on its operational cash flow and liquidity attributable to several external factors such as Slowdown in Infrastructure Sector, Decline in turnover and operating margins, Cash flow mismatch due to elongated Working Capital Cycle, Lack of adequate Working Capital – shortfall arising out of undisbursed/untied WC facilities.

We are working towards revival of the Company. Projects already awarded are generally progressing slowly due to various continuing problems on ground, which remain unresolved over a period of time leading to cost escalations which remain unpaid. All these factors combined, have led to a vicious cycle culminating in a pile up of debt and high consequential costs. Further During the year Company lose some projects due to non availability of banking facilities.

Your management has been striving hard and taking all efforts in ensuring repayment of interest due to lenders. During the period under review the Company focused on realizing long pending receivables, arbitration awards, and retention moneys. Further also the Company will have to continue focusing as before on sharply optimizing costs, improving productivity and systematically monetizing its non-key assets for overcoming the liquidity crisis. Our key priority is to deliver projects held up due to working capital shortage and sites that need to be expeditiously concluded. The Company is now concentrating on bidding projects relating to its core competency as also projects with high yielding margins.

With the Government's helping hand and positive attitude we look forward to a phased economic revival and boosting of business confidence due to hard policy decisions. We are hoping the government will come up with a clear cut road-map for implementing the policies. The upturn in sentiment means roads, ports and power projects will get on-stream. In addition to this, there will also be expediting of stalled infrastructure projects, revival of investment climate and sorting of infrastructure clearances. The government is expected to provide an environment conducive for growth investments, with major reforms in infrastructure sector, enabling all-round growth.

Despite of the above said constrains, the Company has robust order book as at 31.03.2016. All ongoing projects are monitored on a regular basis by the senior management. The company has aggressively invested in an in-house ERP system, which encompasses different areas of efficient construction management with greater efficiency, accuracy and predictability.

The Company is professionally managed with well-qualified and experienced personnel in all areas including engineering, finance and administration combined with a full-fledged Enterprise Resource Planning (ERP) and MIS system. As on 31st March, 2016, the Company has on its roll approximately One Thousand Two Hundred employees.

All ongoing projects are monitored on a regular basis by the senior management. The Company is professionally managed with well-qualified and experienced personnel in all areas including engineering, finance and administration combined with a full-fledged Enterprise Resource Planning (ERP) and MIS system.

Presently the company operates through two strategic divisions:

A) EPC Division (National & International):

This division has bagged orders from prestigious clients like NHAI, NTPC, Airport Authority of India, Delhi Metro Rail Corporation Limited, Naya Raipur Development Authority etc. The division's business extends across major sectors of infrastructural growth and it broadly encompasses Roads/ Highways, Power, T&D, Metro, Aviation, Social Infra, Industrial Refinery.

B) Equipment Management Division:

SECRETARIAL AUDITOR

As per provisions of Section 204 of the Act, the Board of Directors of the company appointed M/s. SKP & Co., Practicing Company Secretaries (C.P. No.: 6575), as Secretarial Auditors for the purpose of auditing the Secretarial activities of the Company for the financial year 2015-16. The Secretarial audit report issued by the said auditors in form MR-3 has been annexed to this report as 'Annexure 6'.

On the observations made in the Secretarial Audit Report, the proper steps are being taken by the Management so as to comply with the provisions.

Point wise explanation by the Company on comments made by the secretarial auditor is as follows:

SECRETARIAL AUDITOR COMMENT	COMPANY EXPLANATION
The Board of Directors of the Company was constituted of only two Directors for a continuous period of thirty five days. Accordingly, the constitution of the statutory Committees of the Board have been intermittently defective due to defect in constitution of the Board and/or due to frequent changes in the constitution of the Board of Directors of the Company. Also, the Company has not filled up intermittent vacancy of woman Director as required by the provisions of Rule 3 of Companies (Appointment and Qualification of Directors) Rules 2014 read with Section 149 of the Companies Act 2013.	Due to resignation of two independent directors in the month of September, 2015, the company was having two directors in the board. As per provisions of the Companies Act the Company has to appoint directors in immediate next board meeting in case of non-constitution of the Board which was duly complied accordingly the company appointed the directors in the next immediate meeting held thereafter. Further the woman director has resigned in the month of December, 2015; in this regard your company is in process to appoint woman director.

<p>The Company did not hold any Board Meeting in the second Quarter of the Financial Year under review. And one meeting of the Board was held with a gap of more than one hundred and twenty days from its previous meeting, against the provisions of Section 173 of the Companies Act 2013. Accordingly, appointment of Cost Auditor was made on December 02, 2015 after the expiry of statutory period of one hundred and eighty days from the commencement of the financial year 2015-16. One meeting of the Audit Committee was held with a gap of more than one hundred and twenty days from its previous meeting, against the provisions of Clause 49 of the erstwhile listing agreement and Regulation 18 of SEBI (Listing Obligations and Disclosure Requirements) Regulations 2015.</p>	<p>Due to lack of required directors the Board of Directors meetings couldn't be convened well in time, also the Audit Committee meeting too couldn't be convened well in time due of lack of required quorum accordingly the Audit Committee met only three times during the year. Your company has appointed the director for proper constitution of member of Audit Company in immediate next Board Meeting.</p>
<p>There have been considerable delays in complying with the erstwhile Clause 41 of the Listing Agreement entered into by the Company with Stock Exchange where the shares of the Company are listed. A Penalty of ₹ 33.22 Lakh has been imposed by the Stock Exchange for the said default.</p>	<p>Due to non-availability of requisite Director and thereafter inability of one director to take part in board meeting the quarterly financial results could not be submitted well in time which resulted in default of clause 41 of listing agreement. Now Company is in process of sorting out of the issue of penalty levied.</p>

COST AUDITOR

As per the Cost Audit Orders, Cost Audit is applicable to the Construction business of the Company for the FY 2015-16.

In view of the same and in terms of the provisions of Section 148 and all other applicable provisions of the Companies Act, 2013, read with the Companies (Audit and Auditors) Rules, 2014, M/s. MS & Co., Cost Accountants (FRN. 102592) have been appointed as Cost Auditors to conduct the audit of cost records of your company for the financial year 2015-16.

INTERNAL AUDITOR, INTERNAL AUDIT & CONTROLS

The Company has well equipped internal audit mechanism. Their scope of work includes review of processes for safeguarding the assets of the Company, review of operational efficiency, effectiveness of systems and processes, and assessing the internal control strengths in all areas. Internal Auditors findings are discussed with the process owners and suitable corrective actions taken as per the directions of Audit Committee on an ongoing basis to improve efficiency in operations.

WHISTLE BLOWER/VIGIL MECHANISM

As per the provisions of Companies Act, 2013, every Listed Company shall establish a vigil mechanism (similar to Whistle Blower mechanism as specified under the SEBI (Listing Obligations and Disclosure Requirements) Regulations, 2015). In pursuance of the provisions of section 177(9) & (10) of the Companies Act, 2013, a vigil mechanism/ whistle blower policy for directors and employees to report genuine concerns has been established and approved by Board on 30th May, 2014. The Vigil Mechanism is available on the website of the Company at www.eragroup.co.in.

RISK MANAGEMENT POLICY

A statement indicating development and implementation of a risk management policy for the Company including identification there in of elements of risk, if any, this in the opinion of the Board may threaten the existence of the company is stated in the Corporate Governance Report.

AUDIT COMMITTEE

The restructuring in the Directorship of the Company, necessitated restructuring in the Audit Committee. The committee as on date of this report consists of three members namely Mr. Mast Ram, Mr. Hem Singh Bharana and Mr. Rattan Lal out of which two are independent Directors. Mr. Mast Ram is the Chairman of Audit Committee. All members of the Audit Committee possess sufficient knowledge and experience in the field of Finance and Accounts. **SECRETARIAL AUDIT REPORT
FOR THE FINANCIAL YEAR ENDED ON MARCH 31, 2016**

[Pursuant to Section 204(1) of the Companies Act, 2013 and Rule No.9 of the Companies (Appointment and Remuneration of Managerial Personnel) Rules, 2014]

To,
The Members,
Era Infra Engineering Limited
CIN :L74899DL1990PLC041350

We have conducted the secretarial audit of the compliance of applicable statutory provisions and the adherence to good corporate practices by (hereinafter called "the Company"). Secretarial Audit was conducted in a manner that provided us a reasonable basis for evaluating the corporate conducts/statutory compliances and expressing our opinion thereon.

Based on our verification of the Company's books, papers, minute books, forms and returns filed and other records maintained by the Company and also the information provided by the Company, its officers, agents and authorized representatives during the conduct of secretarial audit, we hereby report that in our opinion, the company has, during the audit period covering the financial year ended on March 31, 2016 complied with the statutory provisions listed hereunder and also that the Company has proper Board-processes and compliance-mechanism in place to the extent, in the manner and subject to the reporting made hereinafter:

We have examined the books, papers, minute books, forms and returns filed and other records maintained by the Company for the financial year ended on March 31, 2016 according to the provisions of:

- (i) The Companies Act, 2013 ("the Act") and the rules made thereunder, as applicable;
- (ii) The Securities Contracts (Regulation) Act, 1956 ('SCRA') and the rules made thereunder;
- (iii) The Depositories Act, 1996 and the Regulations and Bye-laws framed thereunder;
- (iv) Foreign Exchange Management Act, 1999 and the rules and regulations made thereunder to the extent of Foreign Direct Investment, Overseas Direct Investment and External Commercial Borrowings;
- (v) The following Regulations and Guidelines prescribed under the Securities and Exchange Board of India Act, 1992 ('SEBI Act'), wherever applicable:-
 - (a) The Securities and Exchange Board of India (Substantial Acquisition of Shares and Takeovers) Regulations, 2011;
 - (b) The Securities and Exchange Board of India (Prohibition of Insider Trading) Regulations, 2015
 - (c) The Securities and Exchange Board of India (Issue of Capital and Disclosure Requirements) Regulations, 2009;
 - (d) The Securities and Exchange Board of India (Share Based Employee Benefits) Regulations, 2014
 - (e) The Securities and Exchange Board of India (Issue and Listing of Debt Securities) Regulations, 2008;
 - (f) The Securities and Exchange Board of India (Registrars to an Issue and Share Transfer Agents) Regulations, 1993 regarding the Companies Act and dealing with client;
 - (g) The Securities and Exchange Board of India (Delisting of Equity Shares) Regulations, 2009 and;
 - (h) The Securities and Exchange Board of India (Buyback of Securities) Regulations, 1998;

We have also examined compliance with the applicable clauses of the following:

- (i) Secretarial Standards issued by the Institute of Company Secretaries of India.
- (ii) The Listing Agreements entered into by the Company with Bombay Stock Exchange Limited (BSE) and National Stock Exchange of India Limited (NSE).

During the period under review the Company has complied with the provisions of the Acts, Rules, Regulations, Guidelines, Standards, etc. mentioned above subject to following observations:

- (1) *The Board of Directors of the Company was constituted of only two Directors for a continuous period of thirty five days. Accordingly, the constitution of the statutory Committees of the Board have been intermittently defective due to defect in constitution of the Board and/or due to frequent changes in the constitution of the Board of Directors of the Company.*

Also, the Company has not filled up intermittent vacancy of woman Director as required by the provisions of Rule 3 of Companies (Appointment and Qualification of Directors) Rules 2014 read with Section 149 of the Companies Act 2013.

- (2) *The Company did not hold any Board Meeting in the second Quarter of the Financial Year under review. And one meeting of the Board was held with a gap of more than one hundred and twenty days from its previous meeting, against the provisions of Section 173 of the Companies Act 2013. Accordingly, appointment of Cost Auditor was made on December 02, 2015 after the expiry of statutory period of one hundred and eighty days from the commencement of the financial year 2015-16. One meeting of the Audit Committee was held with a gap of more than one hundred and twenty days from its previous meeting, against the provisions of Clause 49 of the erstwhile listing agreement and Regulation 18 of SEBI (Listing Obligations and Disclosure Requirements) Regulations 2015.*
- (3) *There have been considerable delays in complying with the erstwhile Clause 41 of the Listing Agreement entered into by the Company with Stock Exchange where the shares of the Company are listed. A Penalty of Rs. 33.22 Lakh has been imposed by the Stock Exchange for the said default.*

We further report that:

The Board of Directors of the Company is duly constituted with proper balance of Executive Directors, Non-Executive Directors and Independent Directors subject to our comments above. CORPORATE GOVERNANCE REPORT

CORPORATE GOVERNANCE COMPLIANCE REPORT FOR THE YEAR 2015-2016

1. COMPANY'S PHILOSOPHY ON CODE OF GOVERNANCE

In line with traditions of Era Group, the Company's philosophy is to conduct business with ethical standards, transparent governance practices, highest standards of professionalism, fairness and integrity for the growth and prosperity of all the stakeholders on a sustainable basis in keeping with its corporate social responsibilities. The Company believes that large organizations have both economic and social objectives and the principles of Corporate Governance are applied to achieve both these goals. The Board has a fiduciary relationship and a corresponding duty to all its stakeholders viz. customers, creditors, employees, vendors, community, the Government (of countries in which the company operates) and shareholders, to ensure that their rights are well protected.

Through the Corporate Governance mechanism, the Board along with its Committees and senior management endeavors to strike the right balance with its various stakeholders. At the highest level, the Company continuously endeavors to improve upon governance aspects on an ongoing basis and adopts innovative approaches for leveraging resources, converting opportunities into achievements through proper empowerment and motivation, fostering a healthy growth and development of human resources to take the Company forward.

Keeping in view the Company's size, complicity, operations and corporate tradition, the Corporate Governance framework of the Company is based on the following main principles:

- Strategic supervision by a competent and experienced Board of Directors;
- Ensuring timely flow of information to the Board and its Committees for meaningful, focused and fruitful discussions in the meeting;
- Independent verification of the Company's financial reporting;
- A sound system of internal control and risk management to mitigate the risks;
- Timely and balanced disclosure of all material information to all the stakeholders along with safeguarding the confidentiality of all information received by virtue of their importance;
- Act in compliance with all applicable laws, rules and regulations of all the relevant regulatory and other authorities, in letter and spirit;
- Transparency and accountability; and
- Equitable and fair treatment to all its stakeholders.

Your Company has laid strong foundation for making Corporate Governance a way of life by constituting a Board with a balanced mix of professionals of eminence and integrity from within and outside the business, forming a core group of top executives, inducting competent professionals across the organization and putting in place proper system, process and technology.

We present hereunder our report on compliance of corporate governance conditions specified in SEBI (Listing Obligations and Disclosure Requirements) Regulation, 2015.

q) Green Initiatives for Paperless Communication:

i. Paperless Communication:

The Ministry of Corporate Affairs (MCA) has taken a "Green Initiative in corporate Governance" by allowing paperless compliance by Companies through electronic mode and has issued circulars bearing no. 17/2011 dated: April 21, 2011 and 18/2011 dated : April 29, 2011 stating that service of documents by a Company to its Members can be made through electronic mode. The move aims at large to contribute to the green movement. Keeping in view the underlying theme and the circular issued by MCA, the Company has already taken an initiative by inviting the shareholders to participate in the "Go-Green" initiative by registering their e-mail addresses with the Company (in case of Physical Shareholders) and with their respective Depositories (for De-mat Shareholders). It is proposed to send various communications and documents like notice calling general meetings, audited financial statements, directors' report, auditors' report etc., henceforth, in electronic form, to the e-mail address provided by the Members to the Depositories or to the Company.

The Company's initiative has been responded with good response from the shareholders.

To further support this green initiative in full measure, members who have not registered their e-mail addresses, so far, are requested to register their e-mail addresses, in respect of electronic holdings with Depositories through their concerned Depository Participant. Members who hold shares in physical form are requested to register their e-mail addresses with the company at investorinfra@eragroup.in for register their email addresses.

ii. NSE Electronic Application Processing System (NEAPS):

NEAPS is a web based application, recently launched and designed by NSE for corporates to support electronic filing and application processing. The Shareholding Pattern and Corporate Governance Report are also filed electronically by the Company on NEAPS.

iii. SEBI Complaints Redress System (SCORES):

Your Company is registered with Securities & Exchange Board of India's (SEBI's) recently launched SEBI Complaints Redress System (SCORES), wherein investor complaints are processed in a centralized web based complaint redress system. Here, all the activities starting from lodging of a complaint till its disposal by SEBI would be carried online in an automated environment and the status of every complaint can be viewed online at any time. It would obviate the need for physical movement of complaints and the possibility of loss, damage or misdirection of the complaints would be avoided.

MANAGEMENT DISCUSSION & ANALYSIS REPORT

“Some sectors will pick up while others will take time. Road and railways are the quick fixes. The damage has been very severe in some other cases where projects were delayed. But there is sufficient amount in the kitty to see that new infrastructure takes off. We are very bullish; more corporates will be willing to take the risk of investing. We could see the infrastructure boom in one or two years”.

- Forbes India CEO Dialogues

Infrastructure plays a very significant role in economic development. The government has outlined various infrastructure development initiatives in the country, which include smart cities, nationwide connectivity networks of roads, power, gas and water grids. We are also witnessing India's potential to grow as a manufacturing hub. There is demand for good quality construction and we will invest to cater to that demand. Also, the government's focus on the implementation of an ambitious infrastructure development programme will also increase scope for ease of doing business for various companies which will lead to enhancing the supply chain management resulting in a faster economic growth. We are reforming business to ensure that we promote the production and consumption of products and solutions in India.

However, over the past few years, need has been felt to kick-start stalled infrastructure projects by stepping up infrastructure investment, improving the productivity and quality of infrastructure spending, removing procedural bottlenecks, and improving governance. In the current perspective, the real challenge is not only to identify a core set of projects that are crucial for accelerating overall economic growth but also to ensure channelization of investment for such viable infrastructure projects and expedite their implementation by addressing issues like delays in regulatory approvals, land acquisition and rehabilitation in fast-track mode.

ECONOMIC AND INDUSTRY OVERVIEW

The industrial sector has continued to perform well in the wake of various reforms measures undertaken by the government recently.

Despite global headwinds and a truant monsoon, India registered robust growth of 7.2 per cent in 2014-15 and 7.6 per cent in 2015-16, thus becoming the fastest growing major economy in the world.

The global macroeconomic landscape is currently chartering a rough and uncertain terrain characterized by weak growth of world output. These conditions reflect extreme risk-aversion behavior of global investors, thus putting many, and in particular, commodities exporting economies under considerable stress. Even in these trying and uncertain circumstances, India's growth story has largely remained positive on the strength of domestic absorption, and the country has registered a robust and steady pace of economic growth in 2015-16 as it did in 2014-15.

Its macroeconomic parameters like inflation, fiscal deficit and current account balance have exhibited distinct signs of improvement. Wholesale price inflation has been in negative territory for more than a year and the all-important consumer prices inflation has declined to nearly half of what it was a few years ago.

The new government tends to put its primary focus on infrastructure development and may continue with the estimated \$1 trillion spent on infrastructure till 2017 as per Twelfth Five Year Plan. India's rate of urbanisation is high and the ambitious 100 smart cities project is about to take off that will require a number of infrastructure planning and development efforts.

However, the new government has chosen the path of infrastructure development to achieve long term sustainable economic growth and has provided a lot of measurement to fuel infrastructure development which will help infra and construction companies to bag new orders. Further with the new government, the country is expected to see increased economic growth and the removal of barriers to foreign investment that will increase demand for construction.

However, now with politically stable government at the Centre, it is widely believed that the entire economy will turn around in the days to come.

OPPORTUNITIES

With increasing urbanization, opportunities as well as challenges related to urban infrastructure are also increasing. In this context, the government has taken various steps to improve urban infrastructure. The Smart Cities Mission, a flagship programme is discussed for urban development. A number of initiatives have been taken to encourage public transport, for example Bus Rapid Transit Systems (BRTS) approved for 11 cities under the Jawaharlal Nehru National Urban Renewal Mission, to equip buses with Intelligent Transport System (ITS) and Metro Rail Projects.

Recent Initiatives for Development of the Infrastructure Sector in India:

The objective of making India a global hub of manufacturing, design and innovation, the Make in India initiative, which is based on four pillars —new processes, new infrastructure, new sectors and new mindset—has been taken by the government. The initiative is set to boost entrepreneurship, not only in manufacturing but in relevant infrastructure and service sectors as well..

SECTORIAL DEVELOPMENTS

Roads

The government has approved a scheme for the development of about 1177 km of NHs and 4276 km of state roads in Left Wing Extremism (LWE)-affected areas as a Special Project.

The government will take up improvement of about 4099 km road lengths (2933 km of NH and 1166 km of state roads) by March 2017. Phase B, to be taken up after Phase A is completed, is to cover 3723 km (1285 km NHs and 2438 km state roads) of road.. The Arunachal Pradesh Package for Road & Highways

Involving development of about 2319 km road length (2205 km of NH and 114 km of state/general staff/strategic roads) has also been approved by the government.

Bharatmala is a proposed umbrella scheme at an estimated cost of Rs. 2,67,200 crore for

- (i) Development of State Roads along Coastal areas / Border areas, including connectivity of non-major ports, about 7000 km for Rs. 80,250 crore;
- (ii) Backward Areas, Religious, Tourist Places Connectivity programme, about 7000 km for Rs. 85,250 crore;
- (iii) Setubhratam Pariyojana which is for the construction of about 1500 major bridges and 200 ROB / RUBs for Rs. 30,000 crore; and
- (iv) District Head Quarter Connectivity Scheme for development of about 9000 km newly declared NHs for Rs. 60,000 crore. The programme is targeted for completion by 2022.

Railways

Indian Railways (IR) is faced with a number of challenges. For speedy capacity creation, IR recognizes the importance of enhancing project execution capabilities. Considering the enormity of the resources

required for plan investment in rail infrastructure, and given the limitation of public resources, efforts are on by IR to generate sufficient internal surplus, and tap innovative methods of financing, to meet these needs. The focus is on prioritizing investments in important areas like dedicated freight corridors, high speed rail, high capacity rolling stock, last mile rail linkages and port connectivity, and attracting private and FDI investments to supplement available resources.

Various measures to improve passenger amenities, infrastructure and services, and initiatives under Make in India, freight initiative, resource mobilization initiative and green initiatives, etc. have been taken

The Japan International Cooperation Agency (JICA) which undertook the study on the feasibility of this prestigious project, submitted its report in July 2015. The project was approved by the Cabinet Committee on Economic Affairs, in December 2015, to be implemented with Japanese technical and financial assistance. The memorandum of understanding for cooperation between India and Japan was signed on 12 December 2015. A new special purpose vehicle with 50 per cent equity participation from the Ministry of Railways and 50 per cent from the state governments of Maharashtra and Gujarat was to be set up to implement the project.

Urban Infrastructure:

With increasing urbanization, opportunities as well as challenges related to urban infrastructure are also increasing. In this context, the government has taken various steps to improve urban infrastructure. A number of initiatives have been taken to encourage public transport, for example Bus Rapid Transit Systems (BRTS) approved for 11 cities under the Jawaharlal Nehru National Urban Renewal Mission (JnNURM), to equip buses with Intelligent Transport System (ITS) and Metro Rail Projects.

New Initiatives taken for better urban development are given below:

- Swachh Bharat Mission (SBM)
- National Heritage City Development and Augmentation Yojana (HRIDAY)
- Atal Mission for Rejuvenation and Urban Transformation (AMRUT)

The Government of India has launched a mission on Smart Cities, with the collaboration of states and UTs for implementation of the flagship programme for urban development. The purpose of the Smart Cities Mission is to drive economic growth and improve the quality of life of people by enabling local area development and harnessing technology, especially technology that leads to smart outcomes.

The Smart Cities Mission targets promoting cities that provide core infrastructure and give a decent quality of life to its citizens, a clean and sustainable environment and application of 'smart' solutions. The focus is on sustainable and inclusive development and the idea is to look at compact areas and create a replicable model which will act like a lighthouse to other aspiring cities. The core infrastructure development in a smart city includes adequate water supply; assured electricity supply; sanitation, including solid waste management; efficient urban mobility and public transport; affordable housing, especially for the poor; robust IT connectivity and digitalization; good governance, especially e-Governance and citizen participation; sustainable environment; safety and security of citizens, particularly women, children and the elderly; and health and education.

Aviation/Airports

The civil aviation industry in India is experiencing a new era of expansion, driven by factors such as increasing private participation under Public Private Partnership (PPP), development of Greenfield airports, restructuring and modernization of airports, FDI in domestic airlines, increase in number of Low Cost Carriers (LCCs) and emphasis on regional connectivity, coupled with cutting edge information technology interventions.

Major initiatives have been taken to augment airport infrastructure:

- (a) commissioning of the greenfield Kazi Nazrul Islam Airport at Andal in West Bengal;
- (b) signing of MoU for engaging Changi airport, Singapore, for executing Operations and Maintenance (O&M) contracts at Ahmedabad and Jaipur airports;
- (c) 'in-principle' approval for setting up of a greenfield airport at Dholerai in Gujarat;
- (d) 'site clearance' for setting up of greenfield airports at four locations, namely Bhiwadi (Alwar) in Rajasthan and Bhogapuram, Dagadharthi and Oravakallu in Andhra Pradesh;

Power

In view of the growing need of the Indian economy, the government has embarked upon a massive programme to provide uninterrupted continuous access to power supply in the country. Several steps have been taken for increasing power generation, strengthening of transmission and distribution, separation of feeder and metering of power to consumers. In order to restructure the sector, various amendments are being brought in the Electricity Act, and tariff policy in collaboration with states.

As against the capacity addition target of 20037.1 MW set for 2015-16, 11,226 MW has been added till December 31, 2015. The cumulative capacity addition during the 12th Plan, as on December 31, 2015, is

72,240 MW, which constitutes 81.6 percent of the plan target.

The Prime Minister, on 5th January 2015, launched the 100 cities National LED Programmes with the aim of promoting use of the most efficient lighting technology at affordable rates.

Government has approved the establishment of a National Smart Grid Mission (NSGM) in the power sector to plan and monitor implementation of policies and programmes related to smart grid activities in India. Budget allocation for financial year 2015-16 for NSGM activities is ₹40 crore.

SEGMENT WISE PERFORMANCE

The Company operates in major infrastructure segments. It regards Business Segments as primary segments. The Business Segments are in line with AS-17. Segment Wise Performance of the company is provided in detail under the head Notes to Account forming part of Balance Sheet of the company.

CHALLENGES & OUTLOOK

There are multifarious issues and challenges faced by the agriculture sector and in order to revive it, a significantly different approach needs to be followed. So, measures need to be taken to step up productivity in agriculture and transform the sector. India has to address the challenges of not just providing employment but of increasing the employability of the labour force, which is correlated to knowledge and skills developed through quality education and training along with ensuring good quality of health. There are innumerable challenges in the delivery of efficient health services in India given the paucity of resources and the plethora of requirements in the health sector.

The General Budget 2015-16, post Fourteenth Finance Commission (FFC) recommendations, ushered in a new era of 'co-operative federalism with shared responsibilities' between the centre and the states, and among the states for achieving development goals together. It was presented in a relatively stable economic environment as compared to the just preceding years but the challenge was to ensure the delicate equilibrium between the concerns of stirring growth, accommodating the resources transfer that greater fiscal federalism entailed and ensuring fiscal consolidation. The equilibrium was sought through a higher capital expenditure, higher net resource transfers to states and higher gross tax revenues. The trends in enrolment reflect a decline in the percentage of enrolment in government schools in rural areas, from 72.9 per cent in 2007 to 63.1 per cent in 2014, as per the Annual Status of Education Report (ASER) 2014.

There are innumerable challenges to the delivery of efficient health services in India, given the paucity of resources and the plethora of requirements in the health sector. Population health is also significantly influenced by social and environmental determinants such as age at marriage, nutrition, pollution, access to potable water and hygienic sanitation facilities. The expenditures reflect the challenges that

India faces in the provision of affordable and accessible health care to the population. The NSSO also reports that coverage by government-funded insurance schemes has risen to 13.1 per cent of rural India and 12 per cent of urban population.

An assessment of the performance of states/ULBs in the challenge, some reallocation of the remaining potential smart cities among states may need to be done by the Ministry of Urban Development. The Smart City Mission will be operated as a Centrally Sponsored Scheme and the central government proposes to give it financial support to the extent of Rs. 48,000 crore over five years, i.e. on an average Rs. 100 crore per city per year. An equal amount, on a matching basis, will have to be contributed by the state/ULB; therefore, nearly one lakh crore of government/ULB funds will be available for smart cities development. In the first phase of implementation, twenty cities have been shortlisted to roll out the programme.

RISK, CONCERNS AND THREATS

Infrastructure projects take a long time to plan and implement. Delays in the execution of projects not only lead to shortfalls in achieving targets but widen the availability gaps. Time overruns in the implementation of projects continue to be one of the main reasons for underachievement in many infrastructure sectors. Delays in land acquisition, municipal permission, supply of materials, award of work, operational issues, etc. continued to drag down implementation of these projects. A large number of major central-sector projects are delayed with respect to their latest scheduled dates of completion.

Our exposure to BOT Projects, particularly in the area of Road and Transportation wherein revenues from toll-based projects are a function of actual traffic volume, has increasingly led to additional risks associated with such projects, including traffic volume risks, availability risks and financial closure risks. Adverse deviations between actual traffic volumes from projected volumes, delays in completion of related projects components or failure to achieve a financial closure could result in significant loss of revenue.

Policy hurdles such as delay in awarding projects, environmental clearances, land acquisition and lack of cheaper financing options still continue to be pertinent to the sector. Particularly, the fund crunch issue is a major challenge for the industry.

However, while the infrastructure sector continues to operate in a difficult framework in India, we are optimistic about reviving growth in the infrastructure sector. With the government's proactive policies and announcements to support the private sector's involvement in Indian infrastructure, the future looks promising for EPC companies in year 2015. Infrastructure is picking up in India and these moves will certainly pave the way to recovery for the infrastructure sector. Finally, over the years, India has shown that it has a momentum and dynamic of its own and is less impacted by the economies of developed countries than would ordinarily have been imagined.

ERA INFRA ENGINEERING LIMITED – DIVISIONS

A) EPC division (National & International)

Business overview

The surge in construction activity has led to exponential growth in infrastructure development across the country. This has naturally

resulted in an increase in demand in construction activities, raising the potential bar manifold, which in turn has enabled the EPC Division of your company to foray into some of the most lucrative and growing segments of the infrastructure space. This division executes infrastructure development contracts across the spectrum for both external customers as well as for captive consumption. The division's business extends across major sectors of infrastructural growth and it broadly encompasses Roads/ Highways, Power, T&D, Metro, Aviation, Social Infra, Industrial Refinery. Through this division, Era Infra Engineering is executing projects for some of the biggest names in the industry.

Building lifelines of tomorrow

Attracted by the unfolding opportunities across newer infrastructure segments such as hydro & nuclear power, irrigation, ports, multilevel car parking, dedicated freight corridor, the EPC division is diversifying its presence across these key verticals of infrastructure development. It is concurrently consolidating its presence in the existing sectors by executing large-sized projects. The division's future strategy also includes enhancement of pre-qualification strengths through strategic alliances.

B) Equipment Management division

Business overview

The Equipment Management division of Era Infra Engineering has been set up to cater to the growing in-house and external demand for a wide range of construction machinery. The division's large Equipment Bank spans machinery for diverse uses and includes:

Cranes/ Material Handling Equipment

- Cranes (All Terrain / Rough Terrain / Crawler / Tower Cranes), Fork Lifts, etc. are in huge demand across all levels of construction industry
- Intends to acquire state-of-the-art specialized, standardized and newer machinery along with experienced personnel to handle

Piling Equipment

Piling equipment i.e. Piling Rigs, Extractor, Pile Drivers etc. are used to build solid foundations for the construction of all major infrastructure projects, bridges, etc. These machines are used for construction of Cast-in-Situ bore piles. Piling work is the first civil work for any major construction activity such as power plant, steel plant, refineries, bridges, etc.

Piling machines has revolutionized the piling works in India, earlier piling used to be carried out with standard DMC (Direct Mud Circulation) method which used to be very crude, time consuming, and not accurate. With the help of these machines, the productivity is very much improved along-with the quality of the work done, accuracy of the work done is also enhanced.

Aerial Platform & Boom Lifts

- As with growing safety concerns, working at heights with Aerial Platforms, Boom Lifts, Scissor Lifts, etc. is mandatory
- Scope for use in airport projects and building maintenance

Other Equipment

Motor Graders – with ongoing road projects, Motor Graders have achieved significance in equipment requirements

Building lifelines of tomorrow

With the booming construction industry progressively raising the demand for high-end machinery, the Equipment Management division is constantly upgrading itself to meet the growing requirements of the Indian infrastructure industry.

Going forward, the division's focus will be on enhancing utilization of machinery and increasing the life and productivity of machines through proper maintenance and upkeep. There are plans afoot to increase the equipment fleet to enable it to bid for bigger orders and provide complete equipment solutions to customers across the industry.

Independent Auditors' Report

To The Members of Era Infra Engineering Limited

Report on the Financial Statements

We have audited the accompanying Financial Statements of **Era Infra Engineering Limited** ("the Company") which comprises the Balance Sheet as at 31st March, 2016, the Statement of Profit and Loss and the Cash Flow Statement for the year then ended, and a summary of the significant accounting policies and other explanatory information.

Management's Responsibility for the Financial Statements

The Company's Board of Directors is responsible for the matters stated in Section 134(5) of the Companies Act, 2013 ("the Act") with respect to the preparation of these financial statements that give a true and fair view of the financial position, financial performance and cash flows of the Company in accordance with the accounting principles generally accepted in India, including the Accounting Standards specified under section 133 of the Act, read with Rule 7 of the Companies (Accounts) Rules, 2014. This responsibility also includes maintenance of adequate accounting records in accordance with the provisions of the Act for safeguarding of the assets of the Company and for preventing and detecting frauds and other irregularities; selection and application of appropriate accounting policies; making judgments and estimates that are reasonable and prudent; and design, implementation, and maintenance of adequate internal financial controls that were operating effectively for ensuring the accuracy and completeness of the accounting records, relevant to the preparation and presentation of the financial statements that give a true and fair view and are free from material misstatements, whether due to fraud or error.

Auditor's Responsibility

Our responsibility is to express an opinion on these financial statements based on our audit.

We have taken into account the provisions of the Act, the accounting and auditing standards and matters which are required to be included in the audit report under the provisions of the Act and the Rules made thereunder.

We conducted our audit in accordance with the Standards on Auditing specified under section 143(10) of the Act. Those Standards require that we comply with ethical requirements and plan and perform the audit to obtain reasonable assurance about whether the financial statements are free from material misstatement.

An audit involves performing procedures to obtain audit evidence about the amounts and disclosures in the financial statements. The procedures selected depend on the auditor's judgment, including the assessment of the risks of the material misstatement of the financial statements, whether due to error or fraud. In making those risk assessments, the auditor considers internal control relevant to the Company's preparation of the financial statements that give a true and fair view in order to design audit procedures that are appropriate in the circumstances. An audit also includes evaluating the appropriateness of accounting policies used and reasonableness of the accounting estimates made by the Company's Directors as well as evaluating the overall presentation of the financial statements.

ANNEXURE - B TO THE INDEPENDENT AUDITOR'S REPORT OF EVEN DATE ON THE FINANCIAL STATEMENTS OF ERA INFRA ENGINEERING LIMITED

Report on the Internal Financial Controls under Clause (i) of Sub-section 3 of Section 143 of the Companies Act, 2013 ("the Act")

We have audited the internal financial controls over financial reporting of Era Infra Engineering Limited ("the Company") as of March 31, 2016 in conjunction with our audit of the financial statements of the Company for the year ended on that date.

Management's Responsibility for Internal Financial Controls

The Company's management is responsible for establishing and maintaining internal financial controls based on "the internal control over financial reporting criteria established by the Company considering the essential components of internal control stated in the Guidance Note on Audit of Internal Financial Controls over Financial Reporting issued by the Institute of Chartered Accountants of India". These responsibilities include the design, implementation and maintenance of adequate internal financial controls that were operating effectively for ensuring the orderly and efficient conduct of its business, including adherence to company's policies, the safeguarding of its assets, the prevention and detection of frauds and errors, the accuracy and completeness of the accounting records, and the timely preparation of reliable financial information, as required under the Companies Act, 2013.

Auditor's Responsibility

Our responsibility is to express an opinion on the Company's internal financial controls over financial reporting based on our audit. We conducted our audit

in accordance with the Guidance Note on Audit of Internal Financial Controls Over Financial Reporting (the "Guidance Note") and the Standards on Auditing, issued by ICAI and deemed to be prescribed under section 143(10) of the Companies Act, 2013, to the extent applicable to an audit of internal financial controls, both applicable to an audit of Internal Financial Controls and, both issued by the Institute of Chartered Accountants of India. Those Standards and the Guidance Note require that we comply with ethical requirements and plan and perform the audit to obtain reasonable assurance about whether adequate internal financial controls over financial reporting was established and maintained and if such controls operated effectively in all material respects.

Our audit involves performing procedures to obtain audit evidence about the adequacy of the internal financial controls system over financial reporting and their operating effectiveness. Our audit of internal financial controls over financial reporting included obtaining an understanding of internal financial controls over financial reporting, assessing the risk that a material weakness exists, and testing and evaluating the design and operating effectiveness of internal control based on the assessed risk. The procedures selected depend on the auditor's judgment, including the assessment of the risks of material misstatement of the financial statements, whether due to fraud or error.

We believe that the audit evidence we have obtained is sufficient and appropriate to provide a basis for our qualified audit opinion on the Company's internal financial controls system over financial reporting.

Meaning of Internal Financial Controls over Financial Reporting

A company's internal financial control over financial reporting is a process designed to provide reasonable assurance regarding the reliability of financial reporting and the preparation of financial statements for external purposes in accordance with generally accepted accounting principles. A company's internal financial control over financial reporting includes those policies and procedures that (1) pertain to the maintenance of records that, in reasonable detail, accurately and fairly reflect the transactions and dispositions of the assets of the company; (2) provide reasonable assurance that transactions are recorded as necessary to permit preparation of financial statements in accordance with generally accepted accounting principles, and that receipts and expenditures of the company are being made only in accordance with authorizations of management and directors of the company; and (3) provide reasonable assurance regarding prevention or timely detection of unauthorized acquisition, use, or disposition of the company's assets that could have a material effect on the financial statements.

Inherent Limitations of Internal Financial Controls over Financial Reporting

Because of the inherent limitations of internal financial controls over financial reporting, including the possibility of collusion or improper management override of controls, material misstatements due to error or fraud may occur and not be detected. Also, projections of any evaluation of the internal financial controls over financial reporting to future periods are subject to the risk that the internal financial control over financial reporting may become inadequate because of changes in conditions, or that the degree of compliance with the policies or procedures may deteriorate.

Qualified Opinion

According to the information and explanations given to us and based on our audit, the following material weaknesses have been identified as at March 31, 2016:

- a. *The review process of short term loans & advances and periodic review of those recovery & advances is and are not operating effectively which may impact the reasonable certainty of ultimate adjustment or collection and the procedure for Physical verification of work in progress is not operating effectively which may result in ultimate impairment of inventory.*

A 'material weakness' is a deficiency, or a combination of deficiencies, in internal financial control over financial reporting, such that there is a reasonable possibility that a material misstatement of the company's annual or interim financial statements will not be prevented or detected on a timely basis.

In our opinion, the Company has in all material respects, maintained adequate internal financial control in our financial reporting as of March 31st, 2016, based on the internal control over financial reporting criteria, system & procedures established by the Company considering the essential components of internal control stated in the Guidance Note on Audit of Internal Financial Controls Over Financial Reporting issued by the Institute of Chartered Accountants of India" and *except* for the effects / possible effects of the material weaknesses described above on the achievements of the objectives of the control criteria, the Company's internal financial controls over financial reporting were operating effectively as of 31st March, 2016.

We have considered the material weaknesses identified and reported above in determining the nature, timing, and extent of audit tests applied in our audit of the March 31, 2016 financial statements of the Company, and these material weaknesses have impact on our qualified opinion on standalone financial statements of the Company.

Notes forming part of Financial Statements as on 31st March, 2016

Era Infra Engineering Limited is a widely held public limited company engaged in the execution of large construction contracts involving engineering, procurement and construction (EPC) projects across a range of sectors such as roads & highways, power, railways, metro, aviation, social infrastructure, industrial, institutional and related segments for more than 25 years.

1. Significant Accounting Policies

a. Basis of Accounting

These financial statements are prepared in accordance with Indian Generally Accepted Accounting Principles (GAAP) under the historical cost convention on the accrual basis as per the provisions of the Companies Act, 2013 ("the Act") and comply in material aspects with the accounting standard notified under section 133 of the Act, read with Rule 7 of the Companies (Accounts) Rules, 2014. Accounting Policies have been consistency applied except where a newly issued accounting standard requires a change in the accounting policies hitherto in use.

b. Use of Estimates:

The preparation of financial statements in conformity with generally accepted accounting principles requires the management to make estimates and assumptions that effect the reported balances of assets and liabilities and disclosures of contingents liabilities at the date of financial statements and results of operations during the reporting period. Although these estimates are based upon management's basic knowledge of current events and actions, actual results could differ from these estimates. Differences between actual results and estimates are recognized in the year in which the results are shown / materialized.

c. Revenue Recognition

- (i) Revenue from contracts is recognised on the percentage of completion method based on billing schedules agreed with the client on a progressive completion basis. Percentage of completion is determined based on the nature of contracts, either in proportion of contract costs incurred upto the reporting date to the estimated total cost or on the basis of physical proportion of the contract work completed as considered appropriate.
- (ii) Claims and amounts in respect thereof are recognized only when negotiations have advanced to a stage where it is probable that the customer(s) will accept them and amounts can be reliably measured. In the case of Arbitration Awards (the "Awards") which are granted in favor of the Company, the award amount (including interest thereon), are accounted when they are granted and where it is reasonable to expect ultimate collection of such awards.
- (iii) Income Equipments hiring and management are recognized on accrual basis.
- (iv) Other Incomes are accounted for on accrual basis except where the receipt of income is uncertain.
- (v) Accounting for Joint Venture Contracts
 - Contracts executed in Joint Venture under work sharing arrangement (consortium) are accounted for in accordance with the accounting policy followed by the company as that of each independent contract to the extent of work is executed by the company.
 - In respect of contracts executed in Integrated Joint Venture under profit sharing arrangement, the services rendered to the joint venture are accounted as income on the accrual basis. The profit / loss is accounted for, as and when it is determined by the Joint Venture and the net investment in the joint venture is reflected as investments, loans & advances or current liabilities.

d. Fixed Assets

Tangible Assets

Tangible fixed assets are stated at cost less depreciation and impairment losses, if any. Cost includes cost of acquisitions or construction including incidental expenses thereto and other attributable cost of bringing the assets to its working condition for the intended use and is net of recoverable duty / tax credits.

Intangible Assets

Intangible assets are stated at cost of acquisition net of accumulated amortization and impairment losses if any.

Intangible Assets under development

Expenditure related to and incurred during development of Assets are included under "Intangible assets under development". The same will be transfer to the respective assets on its completion.

Capital Work In-Progress

Capital work in progress comprises of expenditure, direct or indirect incurred on assets which are yet to be brought into working condition for its intended use.

Impairment

Fixed Assets are tested for impairment if there is any indication of their possible impairment. An impairment loss is recognized where the carrying amount of a fixed asset (or cash generating unit) exceeds its recoverable amount, i.e. higher of value in use and net selling price. Impairment loss recognized in one year can get reversed fully or partly in a subsequent years.

e. Depreciation

From the date Schedule II comes into effect i.e. 1 April 2014, the carrying amount of the asset as on that date depreciated over the remaining useful life of the asset . Pursuant to this policy, depreciation is provided at the following rates which are in line with the corresponding rates prescribed in Schedule II of the Companies Act, 2013:

Assets Category	Useful life of Asset	
	1 April 2014 onwards	Prior to 1 April 2014(%)
DATA PROCESSING MACHINES (COMPUTERS)	3 Years	16.21
OFFICE EQUIPMENT	5 Years	4.75
FURNITURE AND FIXTURE	10 Years	6.33
VEHICLE	10 Years & 8 Years	9.50 & 7.07
FACTORY BUILDING	30 Years	3.34
PLANT & MACHINERY	12 Years, 15 Years 10 Years & 9 Years	4.75, 7.42, 10.34 & 11.31
TRACTOR & TRUCKS	8 Years	7.07
WIND TURBINE GENERATOR	22 years	5.28

Intangible assets are amortized on straight line method over the expected duration of benefits not exceeding 10 years. The period of amortization is decided in accordance with the Accounting Standard (AS -26) "Intangible Assets". Assets of value up to ` 5000 are depreciated in full in the year of purchase.

f. Borrowing Cost

Borrowing costs that are attributable to the acquisition or construction of qualifying assets are capitalized as part of cost of such assets till such time assets become ready for their intended use. All other borrowing costs are charged to Statement of Profit & Loss.

g. Investments

Investments are classified into non-current investments and current investments. Non-current investments are stated at cost. Provision for diminution in the value of a non-current investment is made on individual investment basis if such diminution is other than temporary. Current investments are carried at the lower of cost and fair value and provisions are made to recognize the decline in the carrying value.

h. Inventories

Materials, finished goods and stores & spare parts are valued at the lower of cost and net realizable value. Cost of inventories is ascertained on the weighted average cost method. Trading inventories are valued at cost or market value which ever is lower.

Work-in- progress is valued at the item rate contracts in case of completion of activity by project department, in case where the Work in progress is not on item rate contract stage then item rate contract are reduced by estimated margin or estimated cost of completion and/or estimated cost necessary to make the items rates equivalent to Stage of Work-in- progress.

i. Foreign Exchange Transactions*Initial Recognition*

Foreign currency transactions are recorded in the reporting currency, by applying to the foreign currency amount the exchange rate between the reporting currency and the foreign currency at the date of the transaction.

Conversion

Foreign currency monetary items are reported using the closing rate. Non-monetary items which are carried in terms of historical cost denominated in a foreign currency are reported using the exchange rate at the date of the transaction.

Exchange Differences

Exchange differences arising on the settlement of monetary items or on reporting company's monetary items at rates different from those at which they were initially recorded during the year, or reported in previous financial statements, are recognised as income or as expenses in the year in which they arise.

j. Employee Benefits

- (i) Contribution to Provident Fund, a defined contribution plan, is accounted for on accrual basis. The Company continues to make contributions to provident fund plan administered by the Government of India.
- (ii) The liability of the company for leave encashment, a defined retirement benefit plan, is determined by actuarial valuation carried out by an independent actuary as at the Balance Sheet date using projected unit credit method.
- (iii) The liability of the company for gratuity, a defined retirement benefit plan, is determined by actuarial valuation carried out by an independent actuary as at the Balance Sheet date using projected unit credit method.

k. Taxes On Income

Income taxes are computed using the tax effect accounting method where taxes are accrued in the same period as the related revenue and expenses to which they relate. The differences that exist between profit offered for income tax and the profit before tax as per financial statements are identified and deferred tax assets or deferred tax liabilities are recorded for timing differences, namely, differences that originate in one accounting period and are capable of reversal in future. Deferred tax assets and liabilities are measured using tax rates and tax laws enacted or substantively enacted by the balance sheet date.

Deferred tax assets are recognized only if there is reasonable certainty that they will be realized. If the company has unabsorbed depreciation or carried forward losses under taxation laws, a much stricter test, viz, virtual certainty of realisation is to be applied for recognition of any deferred tax assets. Deferred tax assets are reviewed for the continuing appropriateness of their recognition as assets at each balance sheet date and written down or written-up to reflect the amount that is reasonably /virtually certain (as the case may be) of realization.

l. Extraordinary and exceptional items

Income or expenses that arise from events or transactions that are clearly distinct from the ordinary activities of the company are classified as extraordinary items. Specific disclosure of such events/transactions is made in the financial statements. Similarly, any external event beyond the control of the company, significantly impacting income or expense, is also treated as extraordinary item and disclosed as such.

On certain occasions, the size, type or incidence of an item or expense, pertaining to the ordinary activities of the company, is such that its disclosure improves an understanding the performance of the company. Such income or expense is classified as an exceptional item and accordingly disclosed in the notes to accounts.

m. Provisions, Contingent liabilities and contingent assets:

Provisions are recognized for present obligations of uncertain timing or amount arising as a result of a past event where a reliable estimate can be made and it is probable that outflow of resources embodying economic benefits will be required to settle the obligation.

When it is not probable and amount can not be estimated reliably than it is disclosed as contingent liabilities unless the probability of outflow of resources embodying economic benefits is remote. Possible obligations whose existence will only be confirmed by the occurrence or non-occurrence of one or more uncertain future events are also disclosed as contingent liabilities unless the probability of outflow of resource embodying economic benefit is remote.

Contingent assets are neither recognized nor disclosed in the financial statements.

* Current maturities of long-term debts have been calculated on the basis of the Master Restructuring Agreement (MRA) signed between the Company and its lenders. However, 4 no's lender banks/FI viz. Karnataka Bank, Punjab & Sind Bank, Life Insurance Corporation of India and General Insurance Corporation of India have not signed the MRA.

4.1 The Company executed the Master Restructuring Agreement (MRA)/ other definitive documents on March 29, 2014 with the lender banks (except in case of 4nos lender banks/others), consequent to the approval from Corporate Restructuring Empowered Group (CDREG) to restructure Company's existing debt obligations, including interest, additional funding and other terms (hereafter referred to as "the CDR Scheme")

The salient features of the CDR scheme are as under:

Under the CDR scheme, the Company has been entitled to reliefs and concessions granted by the lender banks, with effect from July 1, 2013 ("the cut off date"). Also as a part of the CDR scheme, the promoters were required to contribute funds in accordance with the letter of approval ("LOA"). As a consequence, the Company received contribution from its promoters on various dates. The same has been treated as interest free unsecured loan not repayable during the tenure of the implementation package and convertible into equity/preference shares at the option of the Company.

Considering MRA have been signed by all the lender banks (except 4nos lender banks as explained above) and Company has complied with all the necessary conditions precedent, the monitoring institution in the joint lender meeting held on March 29, 2014, declared the CDR package as implemented, as per RBI guidelines. Accordingly, the Company accounted for CDR scheme (reclassification and interest calculations) in the books for the year ended March 31, 2014 and the status of which as on the balance sheet date is as follows :

1 (a) A certain portion of the Existing Working Capital Facility (Fund Based and Non Fund Based), cumulating to Rs.

1,51,941 lakhs has been converted into a Working Capital Term Loan (WCTL).The Company has been entitled to fund based working capital limits of ₹ 1,58,973 lakhs.

- (b) The term loan, ECB and NCD debt of the Company, as on the cut off date (i.e. July 1, 2013), and fund based working capital have been restructured. The repayment schedule, rate of interest and security terms have been given below
- The aggregate amount of interest on (a) the restructured TL, the restructured WCTL, the restructured ECB and the restructured NCD for a period of two years from the cut off date; and (b) on the working capital limits for a period of one year from the Cut off date shall be converted into FITL. The repayment schedule, rate of interest and security terms have been given below

---	----------	----------

24. In the opinion of the Board of Directors, all the current assets, loans and advances have a value on realization in the ordinary course of business at least equal to the amount at which they are stated and all the known liabilities have been provided for. However, since the EPC business practices are on cumulative running account basis and not on individual invoice basis and dues can be final only on final execution/completion of the project. So it is not possible to freeze the dues in some of the cases under Non recoverable dues which should include probable write offs or provision in their accounts until the final execution/completion of the project.
25. Up to the previous financial year, the Company recognised Material & resources supplied by client as both cost of construction and as revenue at market price, This accounting policy has been discontinued from the 1st quarter for the improvement in the presentation based on the correct appreciation of the facts, the Company is now of the opinion that these materials and other resources were received by the entity as an agent rather than as a principal. This change in accounting policy has no impact on the profitability of the Company. However, both the cost of construction and revenue from operations are lower by a similar amount.
26. Up to the previous financial year, Price escalation claims and additional claims including those under arbitration were recognised as revenue when they were reasonably ascertained but from the current financial year company has recognised the claims and non schedule items only when negotiations have advanced to a stage of reasonable certainty and amount can be measured reliably & has been accepted.

a. Trade Receivables

Trade receivables amounting to ₹ 1,43,145.61 lakhs are outstanding from the period prior to 01-04-2014. The Company has filed arbitration claims in some of the cases and in others the reconciliation, confirmation process and continuous updating of the documentation is under progress. So the Company is of the opinion that the above amount is recoverable, so the balance considered as good.

b. Other Short Term Loans and Advances

An amount of ₹ 89,525.37 lakhs is outstanding from the period prior to 01-04-2014, the confirmation and reconciliation process in respect of such amounts is in process and the actual recoverable amount can be ascertained at the time of completion of process due to which the management has not made any provision. There are no cases where confirmation and reconciliation process has completed.

c. Capital Advances

Capital Advances are outstanding for more than 2-3 years and the management has initiated the process of recovery so the amount is considered as good.

34. Managerial Remuneration

Statement of Profit & Loss includes remuneration of Chairman & Managing Director and Whole Time Director as under

(₹ in Lacs)

Particulars	As at 31 st March, 2016	As at 31 st March, 2015
Salary	180.36	313.92

36. The Company has incurred losses for the past several years including the current year due to which the entire net worth of the Company has eroded. However the Company is of the opinion that this does not affect the Company as a "Going Concern". This is because the Company is aggressively pursuing its clients for the recovery of substantial amounts incurred by it for extra work/non-scheduled items/idling of resources and in some cases has initiated legal process and invoked arbitration / filed writs. Also, Company has internally focused on the real picture and has decided to develop and enhance in the Road sector. With the existing business and the market scenario as per the MORTH published data and the credentials gained by the Company after completing 3 Major Roads, the Company is very much eligible to gather and execute such huge opportunity available in the market today in the form of BOT/hybrid/EPC road projects. All these factors combined would result in a substantial improvement in the cash flows of the Company ultimately resulting in improved profitability in the near future.
37. Bank Guarantees issued by the Company in favour of various parties for ₹ 17,555.20 lakhs (including performance bank guarantees) have been encashed by the bank during the year. Also, the Bank Guarantees amounting to ₹ 6,985.29 lakhs (PY Rs 5090.41 lakhs) (including performance bank guarantees) have been encashed after the balance sheet date. The Company has filed suits in hon'ble court against respective authority for retention of projects and recovery of money. Hence the amount has been considered as recoverable.
38. The Company has not provided/paid interest on delay in deposit of applicable statutory dues due to existing financial constraints and also in some cases, the Company has filed requests for the waiver of interest. The exact quantum of interest is not determinable.
39. During the year, the stock exchanges have levied penalties of ₹ 33.22 lakhs for non-publishing/filing of results of two quarters on time. During that period, the requisite quorum and vacancy of auditors, the Company could not file the same. However the Company has filed application for the waiver of the abovementioned penalty and is expecting to get the same.
- 40 (a) The Company has defaulted in the repayment of dues (interest and principal) during the period. The details of continuing default of principal and interest are as follows :

INDEPENDENT AUDITOR'S REPORT

TO THE MEMBERS OF ERA INFRA ENGINEERING LIMITED

Report on the Consolidated Financial Statements

We have audited the accompanying Statement of Consolidated Financial Results of **Era Infra Engineering Limited** (the "Holding Company") and its subsidiaries, Joint Venture and associated (the Holding Company and its subsidiaries Joint Venture and Associates together referred to as the "Group"), its jointly controlled entities and its share of the loss of its associate for the year ended 31 March, 2016, the Consolidated Statement of Profit and Loss, the Consolidated Cash Flow Statement for the year then ended, and a summary of the significant accounting policies and other explanatory information (hereinafter referred to as "the consolidated financial statements").

Management's Responsibility for the Consolidated Financial Statements

The Management is responsible for the preparation of these consolidated financial statements in terms of the requirements of the Companies Act, 2013 (hereinafter referred to as "the Act") that give a true and fair view of the consolidated financial position, consolidated financial performance and consolidated cash flows of the Group including its Associates, Jointly controlled entities and Joint Venture in accordance with the accounting principles generally accepted in India, including the Accounting Standards specified under Section 133 of the Act, read with Rule 7 of the Companies (Accounts) Rules, 2014. The respective Board of Directors of the companies included in the Group and its associates are responsible for maintenance of adequate accounting records in accordance with the provisions of the Act for safeguarding the assets of the Group and for preventing and detecting frauds and other irregularities; the selection and application of appropriate accounting policies; making judgments and estimates that are reasonable and prudent; and the design, implementation and maintenance of adequate internal financial controls, that were operating effectively for ensuring the accuracy and completeness of the accounting records, relevant to the preparation and presentation of the financial statements that give a true and fair view and are free from material misstatement, whether due to fraud or error, which have been used for the purpose of preparation of the consolidated financial statements by the Directors of the Holding Company, as aforesaid.

Auditor's Responsibility

Our responsibility is to express an opinion on these consolidated financial statements based on our audit. While conducting the audit, we have taken into account the provisions of the Act, the accounting and auditing standards and matters which are required to be included in the audit report under the provisions of the Act and the Rules made thereunder.

We conducted our audit in accordance with the Standards on Auditing specified under Section 143(10) of the Act. Those Standards require that we comply with ethical requirements and plan and perform the audit to obtain reasonable assurance about whether the consolidated financial statements are free from material misstatement.

An audit involves performing procedures to obtain audit evidence about the amounts and the disclosures in the consolidated financial statements. The procedures selected depend on the auditor's judgment, including the assessment of the risks of material misstatement of the consolidated financial statements, whether due to fraud or error. In making those risk assessments, the auditor considers internal financial control relevant to the Holding Company's preparation of the consolidated financial statements that give a true and fair view in order to design audit procedures that are appropriate in the circumstances. An audit also includes evaluating the appropriateness of the accounting policies used and the reasonableness of the accounting estimates made by the Holding Company's Board of Directors, as well as evaluating the overall presentation of the consolidated financial statements.

We believe that the audit evidence obtained by us and the audit evidence obtained by the other auditors in terms of their reports referred to in sub-paragraph (a) of the Other Matters paragraph below, is sufficient and appropriate to provide a basis for our audit opinion on the consolidated financial statements.

Opinion

A. Basis of Qualified Opinion

In respect of undermentioned matter as were fully explained in Holding Company

- The financial statements are prepared by the Company on the going concern basis as fully elaborated in note no 36 of the financial statements of Holding Company and Based on the Standard of Auditing (SA) 570, 'Going Concern' issued by the Institute of Chartered Accountants read with section 143 of the Companies Act, 2013 the going concern of Company is impacted in view of certain major indicators mentioned therein and listed here in below from serial no. 2 onwards*

ANNEXURE 'A' TO THE INDEPENDENT AUDITOR'S REPORT OF EVEN DATE ON THE CONSOLIDATED FINANCIAL STATEMENTS OF ERA INFRA ENGINEERING LIMITED

Report on the Internal Financial Controls under Clause (i) of Sub-section 3 of Section 143 of the Companies Act, 2013 ("the Act")

Report on the Internal Financial Controls under Clause (i) of Sub-section 3 of Section 143 of the Companies Act, 2013 ("the Act") In conjunction with our audit of the consolidated financial statements of the **ERA INFRA ENGINEERING LIMITED** ('Company') as of and for the year ended March 31, 2016,

We have audited the consolidated internal financial controls over financial reporting of **ERA INFRA ENGINEERING LIMITED** (hereinafter referred to as "the Holding Company") and its subsidiaries, Joint Venture and associated (the Holding Company and its subsidiaries Joint Venture and Associates together referred to as the "Group")

Management's Responsibility for Internal Financial Controls

The respective Board of Directors of the of the Holding company, its subsidiary companies, its associate companies, jointly controlled and Joint venture companies, which are companies incorporated in India, are responsible for establishing and maintaining internal financial controls based on "the internal control over financial reporting criteria established by the Company considering the essential components of internal control stated in the Guidance Note on Audit of Internal Financial Controls Over Financial Reporting issued by the Institute of Chartered Accountants of India (ICAI)". These responsibilities include the design, implementation and maintenance of adequate internal financial controls that were operating effectively for ensuring the orderly and efficient conduct of its business, including adherence to the respective company's policies, the safeguarding of its assets, the prevention and detection of frauds and errors, the accuracy and completeness of the accounting records, and the timely preparation of reliable financial information, as required under the Companies Act, 2013.

Auditor's Responsibility

Our responsibility is to express an opinion on the Company's internal financial controls over financial reporting based on our audit. We conducted our audit in accordance with the Guidance Note on Audit of Internal Financial Controls over Financial Reporting (the "Guidance Note") issued by the ICAI and the Standards on Auditing, issued by ICAI and deemed to be prescribed under section 143(10) of the Companies Act, 2013, to the extent applicable to an audit of internal financial controls, both issued by the Institute of Chartered Accountants

of India. Those Standards and the Guidance Note require that we comply with ethical requirements and plan and perform the audit to obtain reasonable assurance about whether adequate internal financial controls over financial reporting was established and maintained and if such controls operated effectively in all material respects.

Our audit involves performing procedures to obtain audit evidence about the adequacy of the internal financial controls system over financial reporting and their operating effectiveness. Our audit of internal financial controls over financial reporting included obtaining an understanding of internal financial controls over financial reporting, assessing the risk that a material weakness exists, and testing and evaluating the design and operating effectiveness of internal control based on the assessed risk. The procedures selected depend on the auditor's judgement, including the assessment of the risks of material misstatement of the financial statements, whether due to fraud or error.

We believe that the audit evidence, we have obtained and the audit evidence obtained by the other auditors in terms of their reports referred to in the Other Matters paragraph below, is sufficient and appropriate to provide a basis for our audit opinion on the Company's internal financial controls system over financial reporting.

Meaning of Internal Financial Controls over Financial Reporting

A company's internal financial control over financial reporting is a process designed to provide reasonable assurance regarding the reliability of financial reporting and the preparation of financial statements for external purposes in accordance with generally accepted accounting principles. A company's internal financial control over financial reporting includes those policies and procedures that

- 1) pertain to the maintenance of records that, in reasonable detail, accurately and fairly reflect the transactions and dispositions of the assets of the company;
- 2) provide reasonable assurance that transactions are recorded as necessary to permit preparation of financial statements in accordance with generally accepted accounting principles, and that receipts and expenditures of the company are being made only in accordance with authorisations of management and directors of the company; and
- 3) Provide reasonable assurance regarding prevention or timely detection of unauthorised acquisition, use, or disposition of the company's assets that could have a material effect on the financial statements.

Inherent Limitations of Internal Financial Controls over Financial Reporting

Because of the inherent limitations of internal financial controls over financial reporting, including the possibility of collusion or improper management override of controls, material misstatements due to error or fraud may occur and not be detected. Also, projections of any evaluation of the internal financial controls over financial reporting to future periods are subject to the risk that the internal financial control over financial reporting may become inadequate because of changes in conditions, or that the degree of compliance with the policies or procedures may deteriorate.

Qualified Opinion

In respect of undermentioned matter as were fully explained in the Auditor's Report of the Holding Company

According to the information and explanations given to us and based on our audit, the following material weaknesses have been identified as at March 31, 2016:

- a. *The review process of short term loans & advances and periodic review of those recovery & advances is and are not operating effectively which may impact the reasonable certainty of ultimate adjustment or collection and the procedure for Physical verification of work in progress is not operating effectively which may result in ultimate impairment of inventory.*

A 'material weakness' is a deficiency, or a combination of deficiencies, in internal financial control over financial reporting, such that there is a reasonable possibility that a material misstatement of the holding company's annual or interim financial statements will not be prevented or detected on a timely basis.

In our opinion, the Group has in all material respects, maintained adequate internal financial control in our financial reporting as of March 31st, 2016, based on the internal control over financial reporting criteria, system & procedures established by the respective company considering the essential components of internal control stated in the Guidance Note on Audit of Internal Financial Controls Over Financial Reporting issued by the Institute of Chartered Accountants of India" and *except* for the effects / possible effects of the material weaknesses described above on the achievements of the objectives of the control criteria, the Group's internal financial controls over financial reporting were operating effectively as of 31st March, 2016.

We have considered the material weaknesses identified and reported above in determining the nature, timing, and extent of audit tests applied in our audit of the March 31, 2016 financial statements of the Group, and these material weaknesses have impact on our qualified opinion on standalone financial statements of the Holding Company.

Other Matters

Our aforesaid reports under Section 143(3)(i) of the Act on the adequacy and operating effectiveness of the internal financial controls over financial reporting insofar as it relates to 13 subsidiaries. internal financial controls over financial reporting of 11 subsidiaries have been

audited by other auditors whose reports have been furnished to us by the Management, internal financial controls over financial reporting of 2 subsidiaries have not been audited and we have relied upon the management reporting, the consolidated Internal financial controls over financial reporting is based on the corresponding reports of the auditors / management of such companies.

We also did not audit the result of 5 associates. Internal financial controls over financial reporting of 3 Associates have been audited by other auditors whose reports have been furnished to us by the Management, internal financial controls over financial reporting of 2 associates have not been audited and we have relied upon the management reporting, the consolidated Internal financial controls over financial reporting is based on the corresponding reports of the auditors / management of such companies.

And, we also did not audit the result of 11 Joint Ventures. Internal financial controls over financial reporting have been audited by other auditors whose reports have been furnished to us by the Management, the consolidated internal financial controls over financial reporting is based on the corresponding reports of the auditors of such companies incorporated in India

Notes forming part of Consolidated Financial Statements as at 31st March, 2016

Era Infra Engineering Limited is a widely held public limited company engaged in the execution of large construction contracts involving engineering, procurement and construction (EPC) projects across a range of sectors such as roads & highways, power, railways, metro, aviation, social infrastructure, industrial, institutional and related segments for more than 25 years.

1A. Principles of consolidated financial statements

The consolidated financial statements which relate to Era Infra Engineering Limited, its various subsidiary companies and the associate companies have been prepared on the following basis:

- a. The financial statements are prepared under historical cost convention on accrual basis of accounting and on a going concern basis.
- b. The financial statements of the parent company and its subsidiaries have been combined on a line by line basis by adding together the book value of all items of assets, liabilities, incomes and expenses after eliminating all inter company balances/transactions and resulting in unrealized profit/loss
- c. Consolidated financial statements are prepared by applying accounting policies as followed by the Company and its subsidiaries, to the extent it is practicable. Significant differences in accounting policies, if any, are appropriately disclosed by way of notes to the Consolidated Financial Statements
- d. Interest in subsidiaries is given in Annexure-A attached.

1B. Significant Accounting Policies

a. Basis Of Accounting

The financial statements of the Company have been prepared in accordance with the Generally Accepted Accounting Principles in India (Indian GAAP) to comply with the Accounting Standards notified under Companies Act, 2013. Additional disclosures specified in the Accounting Standards shall be made in the notes to accounts or by way of additional statement unless required to be disclosed on the face of the Financial Statements. Similarly, all other disclosures as required by the Companies Act, 2013 shall be made in the notes to accounts in addition to the requirements set out in this Schedule.

b. Use of estimates:

The preparation of financial statements in conformity with generally accepted accounting principles requires the management to make estimates and assumptions that affect the reported balances of assets and liabilities and disclosures of contingents liabilities at the date of financial statements and results of operations during the reporting period. Although these estimates are based upon management's basic knowledge of current events and actions, actual results could differ from these estimates. Differences between actual results and estimates are recognized in the year in which the results are shown / materialized.

b. Revenue Recognition

- (i) Revenue from contracts is recognised on the percentage of completion method based on billing schedules agreed with the client on a progressive completion basis. Percentage of completion is determined based on the nature of contracts, either in proportion of contract costs incurred upto the reporting date to the estimated total cost or on the basis of physical proportion of the contract work completed as considered appropriate.
- (ii) Claims and amounts in respect thereof are recognized only when negotiations have advanced to a stage where it is probable that the customer(s) will accept them and amounts can be reliably measured. In the case of Arbitration Awards (the "Awards") which are granted in favor of the Company, the award amount (including interest thereon), are accounted when they are granted and where it is reasonable to expect ultimate collection of such awards.
- (iii) Revenue from sale of goods is recognized when all significant risks and rewards of ownership are transferred to the buyer (usually at the point of dispatch to customers). Sales are net of return and exclusive of value added tax.
- (iv) Income Equipments hiring and management are recognized on accrual basis.
- (v) Other Incomes are accounted for on accrual basis except where the receipt of income is uncertain.
- (vi) Revenue from real estate project is recognised on "percentage of completion method" of accounting. Revenue is recognised on the basis of percentage of actual costs incurred thereon, including land and total estimated construction

and development cost projects under execution subject to such actual costs being 30 percent or more of the total estimated cost. The estimates of saleable area and costs are reviewed periodically by the management and any effect of changes in estimates is recognized in the period of such changes are determined. However, when the total project cost is estimated to exceed total revenues from the projects, the loss is recognised immediately.

(vi) Accounting for Joint Venture Contracts

- Contracts executed in Joint Venture under work sharing arrangement (consortium) are accounted for in accordance with the accounting policy followed by the company as that of each independent contract to the extent of work is executed by the company.
- In respect of contracts executed in Integrated Joint Venture under profit sharing arrangement, the services rendered to the joint venture are accounted as income on the accrual basis. The profit / loss is accounted for, as and when it is determined by the Joint Venture and the net investment in the joint venture is reflected as investments, loans & advances or current liabilities.

c. **Fixed Assets**

Tangible Assets

Tangible fixed assets are stated at cost less depreciation and impairment losses, if any. Cost includes cost of acquisitions or construction including incidental expenses thereto and other attributable cost of bringing the assets to its working condition for the intended use and is net of recoverable duty / tax credits.

Intangible Assets

Intangible assets are stated at cost of acquisition net of accumulated amortization and impairment losses if any.

Intangible Assets under development

Expenditure related to and incurred during development of Assets are included under "Intangible assets under development". The same will be transfer to the respective assets on its completion.

Capital Work In-Progress

Capital work in progress comprises of expenditure, direct or indirect incurred on assets which are yet to be brought into working condition for its intended use.

Impairment

Fixed Assets are tested for impairment if there is any indication of their possible impairment. An impairment loss is recognized where the carrying amount of a fixed asset (or cash generating unit) exceeds its recoverable amount, i.e. higher of value in use and net selling price. Impairment loss recognized in one year can get reversed fully or partly in a subsequent years.

d. **Depreciation**

From the date Schedule II comes into effect i.e. 1 April 2014, the carrying amount of the asset as on that date depreciated over the remaining useful life of the asset. Pursuant to this policy, depreciation is provided at the following rates which are in line with the corresponding rates prescribed in Schedule II of the Companies Act, 2013:

Assets Category	Useful life of Asset	
	1 April 2014 onwards	Prior to 1 April 2014 (%)
DATA PROCESSING MACHINES (COMPUTERS)	3 Years	16.21
OFFICE EQUIPMENT	5 Years	4.75
FURNITURE AND FIXTURE	10 Years	6.33
VEHICLE	10 Years & 8 Years	9.50 & 7.07
FACTORY BUILDING	30 Years	3.34
PLANT & MACHINERY	12 Years, 15 Years 10 Years & 9 Years	4.75, 7.42, 10.34 & 11.31
TRACTOR & TRUCKS	8 Years	7.07
WIND TURBINE GENERATOR	22 years	5.28

Intangible assets are amortized on straight line method over the expected duration of benefits not exceeding 10 years. The period of amortization is decided in accordance with the Accounting Standard (AS -26) "Intangible Assets".

Assets of value up to ₹ 5000 are depreciated in full in the year of purchase.

f. Borrowing Cost

Borrowing costs that are attributable to the acquisition or construction of qualifying assets are capitalized as part of cost of such assets till such time assets become ready for their intended use. All other borrowing costs are charged to Statement of Profit & Loss.

g. Investments

Investments are classified into non-current investments and current investments. Non-current investments are stated at cost. Provision for diminution in the value of a non-current investment is made on individual investment basis if such diminution is other than temporary. Current investments are carried at the lower of cost and fair value and provisions are made to recognize the decline in the carrying value.

h. Inventories

Materials, work in progress, finished goods and stores & spare parts are valued at the lower of cost and net realizable value. Cost of inventories is ascertained on the weighted average cost method. Trading inventories are valued at cost or market value which ever is lower.

Work-in- progress is valued at the item rate contracts in case of completion of activity by project department, in case where the Work in progress is not on item rate contract stage then item rate contract are reduced by estimated margin or estimated cost of completion and/or estimated cost necessary to make the items rates equivalent to Stage of Work-in-progress.

i. Foreign Exchange Transactions

Initial Recognition

Foreign currency transactions are recorded in the reporting currency, by applying to the foreign currency amount the exchange rate between the reporting currency and the foreign currency at the date of the transaction.

Conversion

Foreign currency monetary items are reported using the closing rate. Non-monetary items which are carried in terms of historical cost denominated in a foreign currency are reported using the exchange rate at the date of the transaction.

Exchange Differences

Exchange differences arising on the settlement of monetary items or on reporting company's monetary items at rates different from those at which they were initially recorded during the year, or reported in previous financial statements, are recognised as income or as expenses in the year in which they arise.

j. Employee Benefits

(i) Contribution to Provident Fund, a defined contribution plan, is accounted for on accrual basis. The Company continues to make contributions to provident fund plan administered by the Government of India.

(ii) The liability of the company for leave encashment, a defined retirement benefit plan, is determined by actuarial valuation carried out by an independent actuary as at the Balance Sheet date using projected unit credit method.

(iii) The liability of the company for gratuity, a defined retirement benefit plan, is determined by actuarial valuation carried out by an independent actuary as at the Balance Sheet date using projected unit credit method.

k. Taxes On Income

Income taxes are computed using the tax effect accounting method where taxes are accrued in the same period as the related revenue and expenses to which they relate. The differences that exist between profit offered for income tax and the profit before tax as per financial statements are identified and deferred tax assets or deferred tax liabilities are recorded for timing differences, namely, differences that originate in one accounting period and are capable of reversal in future. Deferred tax assets and liabilities are measured using tax rates and tax laws enacted or substantively enacted by the balance sheet date.

Deferred tax assets are recognized only if there is reasonable certainty that they will be realized. If the company has unabsorbed depreciation or carried forward losses under taxation laws, a much stricter test, viz, virtual certainty of realisation is to be applied for recognition of any deferred tax assets. Deferred tax assets are reviewed for the continuing appropriateness of their recognition as assets at each balance sheet date and written down or written-up to reflect the amount that is reasonably /virtually certain (as the case may be) of realization.

i. Extraordinary and exceptional items

Income or expenses that arise from events or transactions that are clearly distinct from the ordinary activities of the company are classified as extraordinary items. Specific disclosure of such events/transactions is made in the financial statements. Similarly, any external event beyond the control of the company, significantly impacting income or expense, is also treated as extraordinary item and disclosed as such.

On certain occasions, the size, type or incidence of an item or expense, pertaining to the ordinary activities of the company, is such that its disclosure improves an understanding the performance of the company. Such income or expense is classified as an exceptional item and accordingly disclosed in the notes to accounts.

m. Provisions, Contingent liabilities and contingent assets:

Provisions are recognized for present obligations of uncertain timing or amount arising as a result of a past event where a reliable estimate can be made and it is probable that outflow of reasons embodying economic benefits will be required to settle the obligation.

When it is not probable and amount can not be estimated reliably than it is disclosed as contingent liabilities unless the probability of outflow of reasons embodying economic benefits is remote. Possible obligations whose existence will only be confirmed by the occurrence or non-occurrence of one or more uncertain future events are also disclosed as contingent liabilities unless the probability of outflow of resource embodying economic benefit is remote.

Contingent assets are neither recognized nor disclosed in the financial statements.

4.1. The Company executed the Master Restructuring Agreement (MRA)/ other definitive documents on March 29, 2014 with the lender banks (except in case of 4nos lender banks/others), consequent to the approval from Corporate Restructuring Empowered Group (CDREG) to restructure Company's existing debt obligations, including interest, additional funding and other terms (hereafter referred to as "the CDR Scheme")

The salient features of the CDR scheme are as under:

Under the CDR scheme, the Company has been entitled to reliefs and concessions granted by the lender banks, with effect from July 1, 2013 ("the cut off date"). Also as a part of the CDR scheme, the promoters were required to contribute funds in accordance with the letter of approval ("LOA"). As a consequence, the Company received contribution from its promoters on various dates. The same has been treated as interest free unsecured loan not repayable during the tenure of the implementation package and convertible into equity/preference shares at the option of the Company.

Considering MRA have been signed by all the lender banks (except 4nos lender banks as explained above) and Company has complied with all the necessary conditions precedent, the monitoring institution in the joint lender meeting held on March 29, 2014, declared the CDR package as implemented, as per RBI guidelines. Accordingly, the Company accounted for CDR scheme (reclassification and interest calculations) in the books for the year ended March 31, 2014 and the status of which as on the balance sheet date is as follows :

1(a) A certain portion of the Existing Working Capital Facility (Fund Based and Non Fund Based), cumulating to ₹ 1,51,941 lakhs has been converted into a Working Capital Term Loan (WCTL). The Company has been entitled to fund based working capital limits of ₹ 1,58,973 lakhs.

B. Commitments		
Estimated amount of contracts remaining to be executed on capital account (net of advances)	154,206.72	204,504.80

24 In the opinion of the Board of Directors, all the current assets, loans and advances have a value on realization in the ordinary course of business at least equal to the amount at which they are stated and all the known liabilities have been provided for. However, since the EPC business practices are on cumulative running account basis and not on individual invoice basis and dues can be final only on final execution/completion of the project. So it is not possible to freeze the dues under Non recoverable dues which should include probable write off's or provision in their accounts until the final execution/completion of the project.

25. Upto the previous financial year, the Company recognised Material & resources supplied by client as both cost of construction and as revenue at market price, This accounting policy has been discontinued from the 1st quarter for the improvement in the presentation based on the correct appreciation of the facts, the Company is now of the opinion that these materials and other resources were received by the entity as an agent rather than as a principal. This change in accounting policy has no impact on the profitability of the Company. However, both the cost of construction and revenue from operations are lower by a similar amount.

Notes forming part of Consolidated Financial Statements as at 31st March, 2016

26. Upto the previous financial year, Price escalation claims and additional claims including those under arbitration were recognised as revenue when they were reasonably ascertained but from the current financial year company has recognised the claims and non schedule items only when negotiations have advanced to a stage of reasonable certainty and amount can be measured reliably.

27. Inter-group turnover and Profits on BOT Construction Contracts

The BOT contracts are governed by service concession agreements with government authorities (grantor). Under these agreements, the operator does not own the road, but gets "Toll Collection Rights/ Annuity" against construction services incurred. Since the construction revenue earned by the operator is considered as exchange with the grantor against toll collection rights/ annuity, profits from such contracts are taken as realised.

Accordingly, BOT contracts awarded to group companies ("operator"), where work is sub-contracted to the Company, the intra group transactions in BOT contracts and the profit arising thereon are taken as realised and not eliminated for consolidation under Accounting Standard-21.

The revenue in respect of these transaction during the year is ₹ 38,224.21 Lacs (PY ₹ 63212.47 Lacs)

Forward Looking Statement

In this annual report we have disclosed forward looking information to enable investors to comprehend our prospects and take informed investment decisions. This report and other statements, written and oral, that we periodically make contain forward looking statements that set out anticipated results based on the management's plan and assumptions. We have tried wherever possible to identify such statements by using words such as 'anticipate', 'estimate', 'expects', 'project', 'intends', 'plans', 'believes' and words of similar substance in connection with any discussion of future performance.

We cannot guarantee that these forward-looking statements will be realised, although we believe we have been prudent in assumptions. The achievement of results is subject to risks, uncertainties and even inaccurate assumptions. Should known or unknown risks or uncertainties materialise or should underlying assumptions prove inaccurate, actual results could vary materially from those anticipated, estimated or projected. Investors should bear this in mind. We undertake no obligation to publicly update any forward looking statements, whether as a result of new information, future information or otherwise.
